Boathouse Update

The Court of Appeal judgement was given on January 20th 2010.

The ruling was, remove the structures in 30 days and restore the land by May 30th 2010. Hopefully this chapter is now closed.

Beach Update

The Council is considering removing the cliff to the boat launch in a two or three step process of making our beach and boat launch a safer, more attractive environment for all residents. This will be a major change to the Reserve. We are in the planning stage at present.

Dust Control

We will be doing the dust control again this year in late June. We are going to use the same product on Marine Dr. as we did on all the other streets unless they recommend against this.
